

EXHIBIT A**Suggested Actions for People Who Have Experienced Sexual Harassment**

If you have experienced Sexual Harassment, MTCC's first priority is to help you take steps to address your safety, medical needs and emotional well-being. You are encouraged to take the following actions, as applicable, regardless of whether you have made a decision about whether to pursue a criminal or MTCC complaint.

1. Ensure Your Physical Safety.

You may seek help from **local law enforcement agencies** or by contacting the **MTCC Security**. The College Security Personnel can assist you with contacting local law enforcement and can help you obtain transportation to the local law enforcement office. Security personnel are on duty during college open hours.

2. Seek Medical Assistance and Treatment.

Local options for medical care include The McDowell Hospital, 430 Rankin Dr.; McDowell Urgent Care, 472 Rankin Dr.; McDowell County Health Department, 408 Spaulding Dr., McDowell Medical Associates Walk-in Clinic, 2293 Sugar Hill Rd.; or the victim's primary care provider. It is crucial that you obtain medical attention as soon as possible after a sexual assault, for example, to determine the extent of physical injury and to prevent or treat sexually transmitted diseases (such as HIV). Medical facilities can also screen for the presence of sedative drugs such as Rohypnol or GHB (date-rape drugs).

If you choose to have an evidence collection kit (or "rape kit") completed, it is important to do so within 120 hours.

Even if you have not decided whether to file charges, it is advisable to have the evidence collection kit completed so that you can better preserve the options of obtaining a protective order and/or filing criminal charges at a later date.

However, MTCC's Title IX Coordinator, the Confidential Resource (Psychology Instructor – Susan Dietrich), or others can provide referral services for outside providers and law enforcement. In some instances, the law may require the disclosure of information shared by students with counselors. However, absent a legal mandate to the contrary, counseling services are strictly confidential, are not part of the students' College records, and will not be reported to other MTCC personnel.

4. Obtain Information/Report Misconduct
